Our Design Ethos

Architecture for Living Well

At T One, we believe a kitchen is more than a place to prepare meals; it's the quiet architecture of your day. It shapes how mornings begin, how gatherings unfold, how light filters through a space.

Our ethos is rooted in Dutch design values: clarity, precision, and purpose. But we shape them through a distinctly human lens. Each line, material, and mechanism is chosen not just for beauty or performance, but for how it supports the rhythm of real life.

We design kitchens to age gracefully, to work intuitively, and to carry meaning. From millimetre-perfect cabinetry to soft-touch finishes that invite use, every detail is considered. Every surface tells a story of craftsmanship and care.

This is our philosophy:
Design that grounds. Design that elevates.
Design that lives with you.

Our Story

Design for a lifetime.

T One Kitchens began as a Dutch vision of kitchen excellence, rooted in a rich heritage of European design. Drawing on the legacy of the Netherlands' top kitchen craftsmen, the founding team brought this expertise to Dubai in 2011. The move was inspired by a desire to blend **Dutch precision** with Dubai's appetite for **bespoke luxury**, creating a studio that bridges two worlds. From the beginning, our philosophy has been to treat the kitchen as an art form and a lifestyle.

Every T One kitchen is "assembled by hand, calibrated to millimetre precision," uniting advanced Dutch-engineered systems with the final touches of skilled local artisans.

No two homes or clients are exactly alike, and so each of our designs is one-of-a-kind, a reflection of personality and a testament to our belief that the kitchen is the heart of the home. In the words of our design team, "from oak that feels like home to stone that breathes stillness, we blend form and feeling to craft a kitchen that's truly yours."

This ethos of **form marrying feeling** defines our story, infusing European craftsmanship into Dubai's dynamic lifestyle to create kitchens that **inspire, comfort, and endure**.

Our Mission

Our mission is to elevate the kitchen from a mere utility to a luxurious, sustainable experience tailored around our clients. We put the customer at the center of everything we do, listening to their needs and aspirations to create highly personalized designs. Each project combines indulgent quality and eco-conscious innovation,

proving that high-end craftsmanship can go hand-in-hand with environmental responsibility. By harnessing advanced technology and timeless artisanal skill, we deliver kitchens that not only delight the senses but also enrich the lifestyle of those who live with them, upgrading everyday living into an elevated experience.

Our Vision

We envision creating spaces that endure as the heart of the home. Our vision is to craft kitchens that stand the test of time, timeless in style, lasting in quality, and rich with memories. We see each T One kitchen as a stage for life's precious moments, from lively family gatherings to quiet morning rituals. To moments together, plates shared, and stories passed on... we design for these cherished experiences.

In our future, a kitchen is not just an amenity but a legacy: a place that will welcome generations, adapt with changing needs, and remain a source of inspiration and well-being for decades. Ultimately, we aspire to make every client, from a first-time homeowner to a large-scale developer, proud to be part of the T One story, knowing their kitchen will live on beautifully as time goes by.

Our Brands

Partners in Precision

We work with Europe's most trusted manufacturers to bring premium kitchens and interiors to Dubai and beyond.

keller
k i t c h e n s *Keller Kitchens (Netherlands)*

- Founded over 80 years ago, one of Europe's top kitchen manufacturers
- 56,000 m* high-tech factory in Bergen op Zoom
- Produces 2,500 kitchens per week, shipped worldwide
- Offers 1,950+ color options and custom finishes
- Combines precision engineering with Dutch design heritage

cicodoor *Cicodoor (Portugal)*

- Manufactured by CICOMOL, a leader in European woodcraft
- Expertly crafted doors with acoustic insulation and lasting durability
- Designed for flow, atmosphere, and architectural clarity
- Produced using advanced European manufacturing systems
- Ideal for studies, dressing rooms, and whole-home transformations

giessegi *Gieseggi (Italy)*

Wardrobes that live with you.

- Over 50 years of expertise from Italy's Marche region
- Leading manufacturer of modular wardrobes and living systems
- Blends Italian design with industrial precision
- Offers made-to-measure storage with seamless integration
- Built for modern living, combining aesthetics and function

Our Partners

EMAAR

What We Do

Designing Beyond the Surface

T One offers fully bespoke kitchen and wardrobe solutions, shaped by your lifestyle and guided by design intelligence.

From concept and consultation to final installation, our team ensures every touchpoint is seamless, responsive, and distinctly T One.

- 1950+ Colour & Finish Options
- European Engineered Materials
- Premium Storage Systems & Soft-Close Solutions

- Full-Home Interior Services
- ISO-Certified, Carbon-Neutral Production
- Custom Kitchen in 15 Minutes (Showroom Experience)

We pride ourselves on a combination of distinctive features that set us apart in the market:

- *Heritage of Excellence:* Backed by over 88 years of design heritage through our Dutch partners, T One brings a depth of experience rarely found in the region.
- *Unlimited Palette (1950 Colors):* Personalization is limitless, with 1,950 custom color options available for your cabinetry and finishes.
- *Sustainable Luxury:* We are committed to eco-friendly design. All our kitchens are produced with carbon-neutral manufacturing processes.

- *Precision Craftsmanship:* Every T One kitchen is a masterpiece of Dutch-engineered precision, assembled by hand and calibrated to perfection by our artisans.
- *Customer-Centric Design:* From the first consultation to the final installation, you are an active co-creator of your kitchen, with every detail tailored to your lifestyle.

Portfolio

A Legacy of Living Design

Our portfolio spans an array of kitchen styles and lifestyles, yet each project is unified by a refined, lifestyle-focused narrative. No two T One kitchens are the same, because no two clients share the same story.

We have crafted airy, sunlit family kitchens where children gather around a cozy breakfast island, sleek urban kitchens for gourmet chefs who demand professional functionality at home, and spaces for multi-generational families who favor comforting, classic warmth.

Some of our clients are visionary developers outfitting luxury residences with hundreds of kitchens; others are homeowners realizing a once-in-a-lifetime dream space. What unites all these projects is our focus on the human experience.

We infuse every space with a sense of calm confidence and timeless modernism, so that whether it's a chic penthouse kitchen overlooking the Dubai skyline or a tranquil retreat in a family villa, the design feels naturally inviting and enduringly modern.

In every project, our greatest pride is seeing the kitchen become a beloved stage for "plates shared, and stories passed on." Every project represents our belief that good design doesn't just fill a space; it defines it.

Club Place

Dubai Hills Estate

892

Custom kitchen solutions for contemporary residences in one of Emaar's most exclusive enclaves.

Our Commitment to Sustainability

Design That Respects the Future

We believe the spaces we build today shape the world we live in tomorrow. That's why T One integrates sustainability into every layer of our process, from carbon-neutral kitchen manufacturing to responsible material sourcing.

Our sustainability standards include:

- **Certified** carbon-neutral production (Keller Kitchens)
- **High-efficiency** manufacturing and waste reduction
- **Long-lasting** materials and finishes that reduce replacement needs
- **Support** for local supply chains where possible

Great design should never come at the cost of our environment.
At T One, we're proud to lead with purpose.
