KELLER KITCHENS —

Welcome to Keller, we are happy to help you find the kitchen that suits you perfectly! Curious how we do that? First of all, we are a Dutch brand, we have been making our kitchens in our own factory for more than 85 years. Through close contact with designers, trend watchers and our customers, we know exactly what a contemporary kitchen requires. We translate those requirements into beautiful kitchens!

Choice of materials, style and price range

We offer a wide range of models and colours in various materials, so that there is plenty of choice for every style and price range. Our extensive range, inspired by the latest trends, offers lots of inspiration. Whether you go for timeless design, a modern look, a cool industrial style or a warm classic atmosphere, you will find the kitchen that suits you perfectly.

Make a statement in environmental friendliness with us

Be inspired by our kitchen designs that are not only surprising and innovative, but also make a statement in environmental friendliness. Our kitchens are produced carbon neutral (since 2017!) and our factory meets the highest sustainability standards. This way you buy a responsible product and together we ensure a bright future.

Trends New Seventies
Model Arco & Bolton
Colour NCS S6010-G90Y & bronzite

Eye-catchers

- ✓ Bronzite colour in the niche
- ✓ Shaker door with rounded corners
- ✓ Beautiful mix of "70's" colourtones

Why not try this?

Do you prefer another colour? You can choose between 2.050 NCS lacquered colours.

CALM FLOW

*Soft minimalism: round shapes and soft, powdery hues.
Quiet spaces with a dreamy atmosphere.*

- Trends** Soft minimalism
Model Crystal & Ithaca
Colour sesame & platinum oak
- Eye-catchers**
- ✓ Round, flowing shapes
 - ✓ Tone-on-tone: little contrast
 - ✓ Interior cabinet colour sesame

Why not try this?

Go for a more statement design by choosing one of our other beautiful lacquered colours.

NATURAL WEAVE

Tactile luxury is a style you do not just see, you feel it. In an interior that invites touch and experience, rich textures are centre stage.

Trends Tactile luxury
Model Bronx & Ithaca
Colour linen & mocha oak

Eye-catchers
✓ Glass doors with smoked glass in bronze
✓ Ambient lighting in the cabinets and niche
✓ Oblique descending cooking island

Why not try this?

For a more refined finish, choose a veneer front instead of melamine.

SILENT RIVER

The evolution of Japandi: In a time when calm and balance are becoming ever more important, this trend brings a sense of ease into the home.

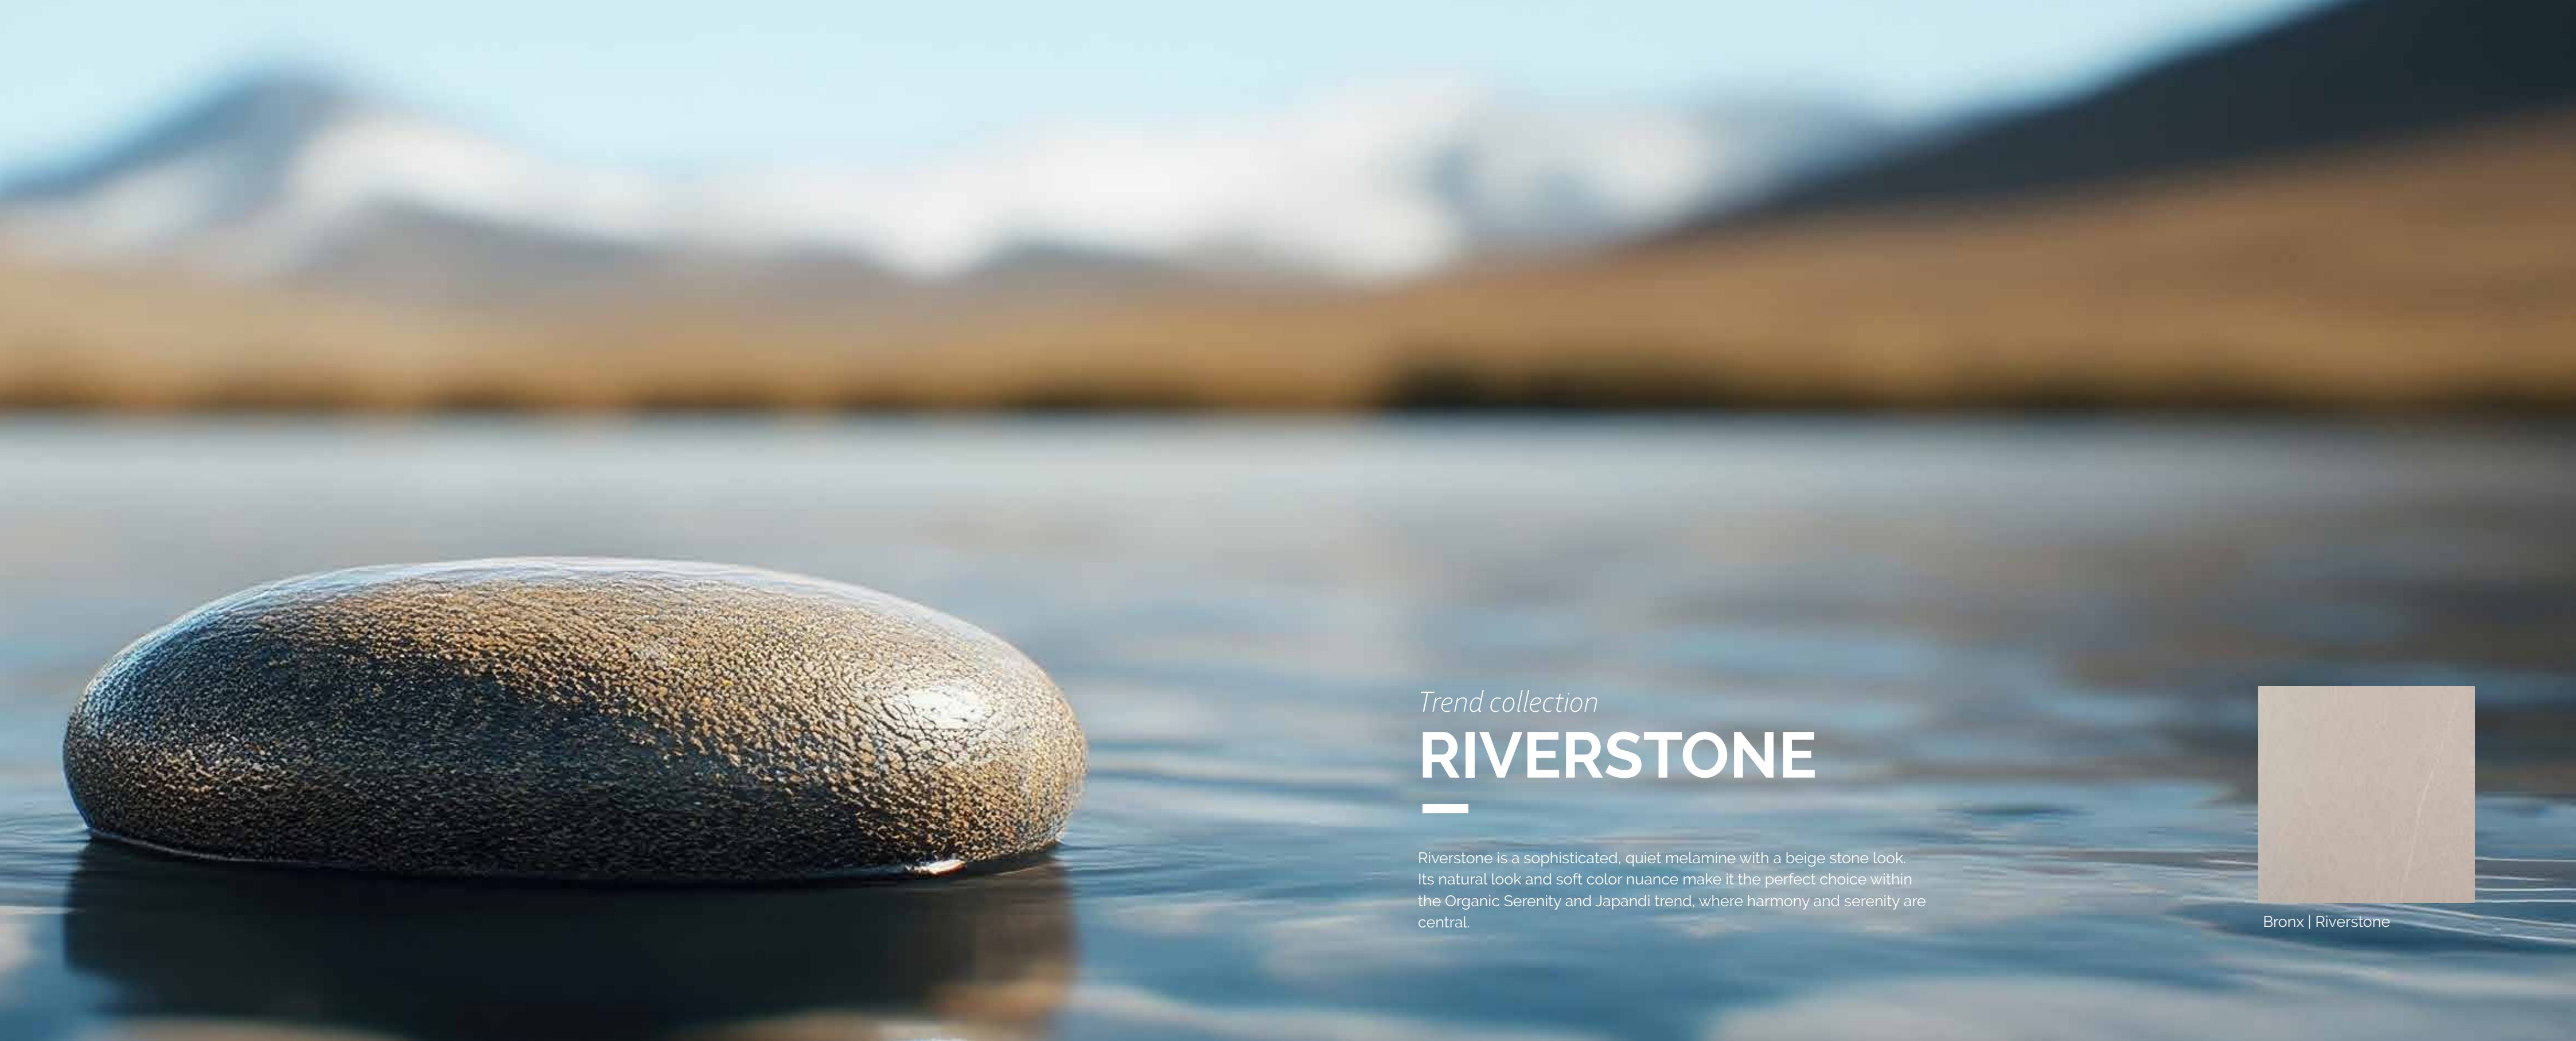

Trends Organic serenity, Japandi
Model Bronx & Nottingham
Colour riverstone & nature oak stain

Eye-catchers
 ✓ Cabinets stacked to a height of 2470mm
 ✓ Cabinet interiors in sesame
 ✓ wooden handle (771)

Why not do this?

By choosing a melamine front and a laminate worktop instead of composite, the overall price becomes more approachable.

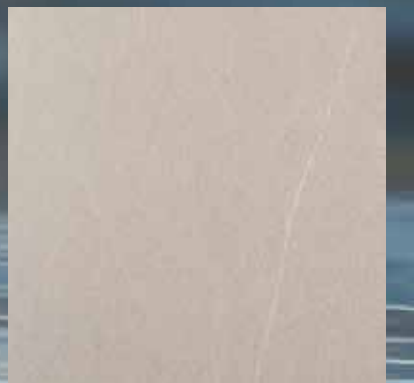

Trend collection

RIVERSTONE

—

Riverstone is a sophisticated, quiet melamine with a beige stone look. Its natural look and soft color nuance make it the perfect choice within the Organic Serenity and Japandi trend, where harmony and serenity are central.

Bronx | Riverstone

SUITE LIFE

New hotel chic brings the exclusive atmosphere of a refined hotel suite.

New hotel chic

Model

Elba, Bolton & Bronx

Colour

oyster grey, stainless steel & deep black oak

Eye-catchers

- ✓ A colour palette ranging from white/cream to grey/black
- ✓ Statement lighting
- ✓ Symmetry & clean lines

Why not try this?

Opting for a handleless design gives your kitchen an even sleeker look. Choose TIP-On push-to-open systems or a handle trim in the colour of your choice.

OCEAN BREEZE

Sink into the atmosphere of Ocean Breeze, a fusion of classic and modern design.

The contrast between deep black oak and ocean lacquer, and the fabulous ceramic worktop creates an impressive impact.

Trends Led-lighting, controlled using an app
Model Crystal & Bronx
Colour Ocean silk gloss & deep black oak

Eye-catchers

- ✓ Ceramic recess with LED spotlights
- ✓ Continuous handle trims to the sides
- ✓ Glass units in dark smoked glass

Why not try this?

You can make savings by opting for melamine instead of lacquer, and a laminate worktop

Why not try this?

Choosing a melamine top instead of composite makes the price tag a bit more friendly.

- Trends** Japandi, Wabi Sabi
Model Nottingham & Ladera
Colour Natural oak stain
- Eye-catchers**
- ✓ Japandi style handle
 - ✓ Beautiful play of lines
 - ✓ Combination of materials in island and rising area

NATURAL HARMONY

Japandi is an elegant fusion of Japanese and Scandinavian design principles, combining simplicity, tranquility and functionality.

Why not try this?

This kitchen is finished in melamine. Would you like a more luxurious version? Then choose veneer in lacquer or stain. At Keller you can choose from 2,050 NCS lacquer colours. Ask your dealer for advice.

BOLD ELEGANCE

This kitchen brings a fusion of classic elegance and bold accents. The bronze fronts and glass doors exude refinement, while the striking Calacatta Black worktop is a powerful eye-catcher.

Trends Elegant industrial
Model Evia & Bolton
Colour Ultramat fossilgrey & bronzite

Eye-catchers

- ✓ Glass doors with bronze frame
- ✓ Matching handle trim in bronze
- ✓ Twisted worktop on the cooking island

Bolton

BRONZITE

A beautiful, sparkling warm decor, which fits perfectly into the New Hellenism trend, where elegance, brilliance and rich decorations are applied - for example applied with the chalky hue of silk.

ORIENTAL ESSENCE

The interior style "hotel chic" combines luxury, elegance and comfort with a refined aesthetic, characterized by high-quality materials and stylish furniture.

Trends Hotel chic

Model Elba

Colours Sesame & walnut caramel

Eye-catchers

- ✓ Semi-built-in units
- ✓ Calm, warm wood decors
- ✓ Chic greige

Why not try this?

For a more luxurious version, you can choose a veneer front combined with a lacquered model.

MODERN URBAN

This kitchen design fits in with the new construction methods. Compact, modern and stylish.

Trends Ribbed, lines
Model Everest & Evia
Colour Ultra matte graphite & peat

Eye-catchers
✓ Niche in travertine look
✓ High doors for a walk-in-closet
✓ Line play in the front

Why not try this?

For a more luxurious finish, choose a veneer front instead of melamine. Our Ribbonwood model is also available in three colours: raven black, pure oak and warm walnut.

Model

EVEREST

Lines, slats, ribbons. We see it coming back in all sorts of elements of the interior. In addition to the finishes in veneer, we also have the melamine decor Everest with tactile ribs, available in 3 colours: Oat, ash & peat.

Why not try this?

You can save money by choosing melamine instead of lacquer, and a melamine worktop.

TIMELESS CHARM

The shaker door is back! Traditionally used mainly in country style kitchens, now we see frames and profiles increasingly returning in classic-modern interiors.

Trends Boutique hotel
Model Avalon
Colour Sea salt

Eye-catchers

- ✓ New style shaker door
- ✓ Handle and knob in champagne
- ✓ Rounded worktop on the island

PERFECT SENSE

This design is a bold combination of black and white, surrounded by Japandi style materials that give a beautiful and warm touch to the kitchen. Executed in a mix of black and white fronts in Fenix®

Trends Smart materials, Japandi, ultra matte
Model Sense
Colour Fenix® black and Fenix® white

Eye-catchers

- ✓ Tall doors from one panel
- ✓ Composite top with special edge finish
- ✓ Handle trim lighting

Why not try this?

Choose ultra-matte melamine instead of Fenix® and a laminate top for a more cost-effective option. The kitchen can also be combined with a Fenix® worktop for a beautiful tone-on-tone design.

CITY CHIC

A beautiful combination of walnut caramel, cool marble and trendy matt black. The marble-look worktop covers the sides of the kitchen island for a luxurious look..

Trends Marble, matt finish, extra high base units

Model Elba
Colour Walnut caramel

Eye-catchers

- ✓ Large, open cabinet in Evia carbon
- ✓ Handle trims, water tap and sink in black
- ✓ Kitchen island and breakfast bar in marble-look

Why not try this?

Although there's hardly any difference from the real thing, we used a front in faux wood. For a more luxurious version choose veneer. The stone worktop in marble-look is also available in laminate. It's no less beautiful, but it is less expensive.

Why not try this?

Would you prefer a dark solid colour? Take a look at our range of melamine fronts, with warm and cool shades of brown and grey. Replacing the cassette handle with a sturdy handle gives another look.

Trends Nude shades and matt wood-effect

Model Elba & Bronx

Colour Sea salt & coffee oak

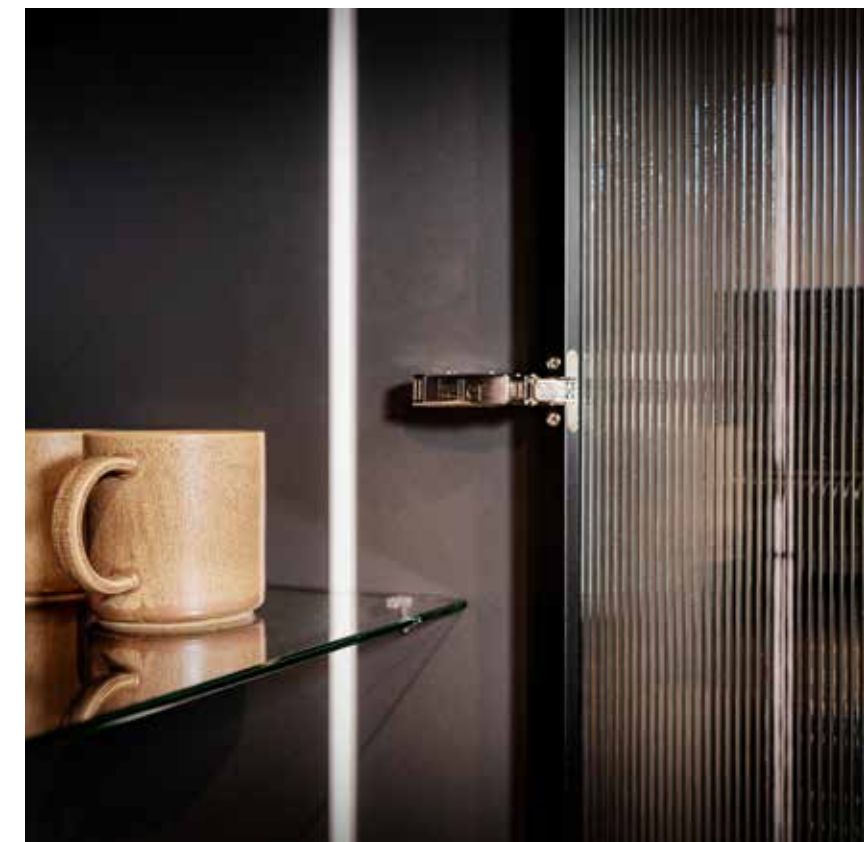

Eye-catchers

- ✓ Tall glass doors in fluted glass with led strip lighting
- ✓ Matt wood-effect in coffee oak colour
- ✓ Wine cabinet in composite rear wall

URBAN NUDE

Nude shades can also be used to create an industrial look. For Urban Nude, we chose Sea salt, a shade from our ontrend greige palette.

The combination with robust composite and fluted glass units give the kitchen a tough and stylish look.

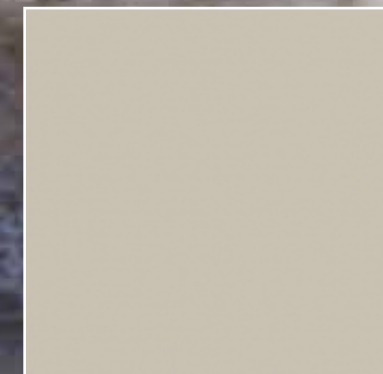

Trendy colour

SEA SALT

The colour sea salt fits into the palette of greige shades, which are currently on trend. It's a subtle mixture of grey and beige, with a slight green undertone.

This beautiful neutral, nude melamine shade, is great to combine with greyed wood decors.

MAJESTIC MANSION

This modern-classic kitchen recalls the style of the Dutch masters, with the play of dark & light and the floral pattern in the wallpaper. The warm, dark veneer, narrow frames and the glass doors in smoked glass create a 'majestic' atmosphere.

Trends Front with narrow frame, pecan brown
Model Lexington & Elba
Colour Matt black oak stain & pecan brown

Eye-catchers

- ✓ Recessed units in pecan brown
- ✓ Tall glass doors in smoked glass with bars
- ✓ Narrow frame front in matt black oak stain

Why not try this?

You can also opt for a flush front without frame. A wood-look melamine finish reduces the price tag. The glass-fronted units are available in dark or light smoked glass, and the doors can be made without bars.

Why not try this?

For an even more luxurious version, choose a lacquered front instead of melamine. By choosing a laminate top instead of composite, the price tag becomes a bit more friendly.

Trends Veneer in relief structure, smoked glass, wine cabinet

Model Bolton & Ribbonwood

Colour Navy blue & warm walnut

Eye-catchers

- ✓ Wine cabinet with tall door in smoked glass

NAUTICAL NAVY

Discover the Nautical Navy! The combination of navy blue and walnut veneer in relief structure create an elegant modern style with a classic allure.

The colour combination provides a nautical touch.

Trendy colour in melamine

NAVY BLUE

Navy or navy blue is a dark, deep shade of blue. A true classic. As early as 1748 this colour was used for the officer's uniforms of the British Royal Navy, and later it was adopted by many other countries.

The navy blue we are introducing is a beautiful, dark shade of blue. Applied with an accent front in wood look, it forms a stylish combination. Combined with a concrete or steel look, it fits an industrial interior style.

DRAWERS AND PAN-DRAWERS

Keller kitchens are equipped as standard with the Antaro drawer system with soft-close. The baskets have a non-slip mat and glass side filling, matched to the cabinet colour: light grey for white or mist-coloured interiors, anthracite for graphite.

Looking for extra luxury? Choose the Merivo drawer system, with improved stability, smooth running and sleek design thanks to continuous metal side walls. Stylish drawer divisions and lighting complete the look!

Modular CUTLERY ORGANISERS

The modular system is designed to provide a suitable drawer layout for every width from 30 to 120 cm. On the sliding base plates, you can place elements such as compartment dividers, foil cutters, a knife block or spice rack. This way, you can create a beautiful drawer layout completely according to your wishes.

Available as individual elements and as a set, in the colours natural oak and black ash.

Horizontally & vertically HANDLELESS

When it comes to appearance, the devil is in the details. That's why Keller's handleless kitchens are handleless in every way. Not only horizontally, but also vertically. This way, the minimalist effect you're aiming for is in no way compromised. The result is sleek, pure and completely contemporary..

HANDLES

Will you choose handleless, handle trims or a handle? Or perhaps a combination!.

These are the things that give your kitchen design a truly personal touch.

We have a very extensive collection of handles, with plenty of for every taste and interior style.

*Take a look at our
handle collection*

CHOICES IN COLOUR

Handle trims in colour

To make the handleless kitchen truly personal, handle trims are available in 2050 colours in silk gloss lacquer and our five metallic lacquer shades: gold, copper, bronze, titanium and gun metal.

INSIDE CARCASE **IN COLOUR**

In addition to white, you can have the insides of the carcass finished in the colours mist and graphite.

To ensure a perfect colour match, drawers, pan drawers and unit interiors can be finished in Light grey or Anthracite and shelves and cover caps are finished in the chosen colour.

INTERIOR **IN COLOUR**

The cabinet interior fittings such as swing out shelves, apothecary cabinets and drawers will also be matched to the colour of the inside of the carcass and finished in light grey or anthracite. This will turn your kitchen furniture into real design furniture.

Unit interiors

To organise your units, Keller also offers you a choice of many beautiful interiors. So our range also enables you to fully customise the interior. Opt for the storage system that best meets your needs. Examples include:

- ✓ Storage units with a range of options for shelves, pan drawers and drawers
- ✓ Corner base units with 1/2 and 3/4 swing-out shelves
- ✓ Le Mans pivoting swing-out shelves
- ✓ Drawer and pan drawer organisers
- ✓ Waste systems

Integrated waste systems

An integrated waste system in a kitchen drawer or cupboard keeps your kitchen neat and organized. Separate sections for different types of waste are very convenient. The system is ergonomically designed, so you can dispose of waste effortlessly without bending over.

Glass units

Our range of glass doors can really give kitchen designs that extra something and take them to the next level. You can choose between glass doors with and without divided panes, with the option of strip lighting in the side wall. Units are available in a range of heights, from a worktop dresser to a tall unit.

Fluted glass

Fluted glass - also known as ribbed glass - brings texture into a living space. The glass is clear but not transparent, because of the texture used. It features flowing vertical lines that create a beautiful lighting effect when combined with LED strip lighting inside the units. Fluted glass is only available in doors without bars.

Smoked glass

Smoked glass is available in light and dark versions. The glass has a bronze-coloured glow. Smoked glass is available in doors with and without divided panes (the glazed surface is divided into areas with bars in between).

Lighting for glass units

LED strip lighting in your glass units shows off your glassware, crockery or other items even better. Adjustable lighting lets you control the brightness and warmth of the light. Subtle or striking, the choice is yours

PULL-OUT TRAY

The smart and stylish Keller pull-out tray: a sturdy, smoothly extending solution for food processors that perfectly combines design and ease of use. Available in various finishes, it complements any Keller style.

PAN DRAWER

Our pan drawers are designed to effortlessly handle the weight of heavy pots and stacks of cookware. Thanks to their high stability and smooth runners, they remain easy to use, even when fully loaded. This keeps everything organized, securely stored, and always within reach.

ROUND SHAPES, FLOWING DESIGN

Keller introduces rounded trellises as a stylish finish for both wall units and islands. These rounded elements give the kitchen a soft, flowing look and create a spacious and harmonious whole.

SUSTAINABLE LIGHTING

It is impossible to imagine a household without LED lighting these days. We can safely say that it has become the new environmentally friendly standard. That's why we have chosen an intelligent platform for LED lighting that combines sustainability, design and ease of use.

- Sustainable:**
- 24V instead of the traditional 12V
 - 13% more light
 - 40% energy savings compared with traditional LED lighting

- Beautiful:**
- design solutions for every corner of the kitchen
 - infinitely adjustable from warm white to cold white
 - infinitely adjustable brightness

- Easy:**
- all lighting types on the same platform
 - operated by remote control or switch
 - can be connected to various home automation platforms
 - plug & play

Pick the option(s) that appeal to you:

- ✓ Built-on and integrated spotlights
- ✓ Strip lighting
- ✓ Spotlights for glass shelves
- ✓ Side strip lighting for glass units
- ✓ Handle trim lighting
- ✓ Drawer and pan drawer lighting

Connecting to your favourite home automation platform

The module can be connected to various home automation systems to control lighting, sound and automation. This includes familiar platforms such as Apple HomeKit, Amazon Alexa, Google Home and Philips Hue.

AFFORDABLE CUSTOMISATION

Our vast range of sizes, materials, colours and finishes ensures that we can offer a tailor-made kitchen in any price range.

Our range of units can also be used to create beautiful, matching dressers and open shelves.

Many of our units, including drawer and pan drawer units, can be adjusted in height, width and depth to create a variety of beautiful bespoke designs.

75 CM WIDE CABINETS

The introduction of 750 mm wide cabinets responds to the growing demand for extra-wide fridge-freezers. This size is now also available in pantry and base cabinets. This creates a sleek grid design and symmetrical lines.

Wood

Wood is beautiful, warm and versatile and is widely used in today's kitchen and home trends. Keller offers a wide range of woods and wood veneers. In sleek and frame models, and a rough or smooth wood texture. For finishes, you can choose from 9 stain colours and no fewer than 2050 lacquer colours, both structured and silk gloss.

experienced and motivated employees.
”

Our factory in Bergen op Zoom is one of the largest in Europe, covering 56,000 m². But that's not all. To deliver a genuine quality product to our customers, we use only the latest technologies and first-class materials. After all, a beautiful kitchen should last for years.

Our kitchens are manufactured in a CO₂ neutral way. Our fully automatic paint spraying installation applies the 2.050 different NCS lacquer colours to perfection. We work exclusively with water-based lacquer, so there are no harmful solvent emissions. This results in healthier working conditions and is better for the environment.

Our entire range is tested for stability, sustainability and mechanical safety by the renowned German test and certification centre TÜV Rheinland.

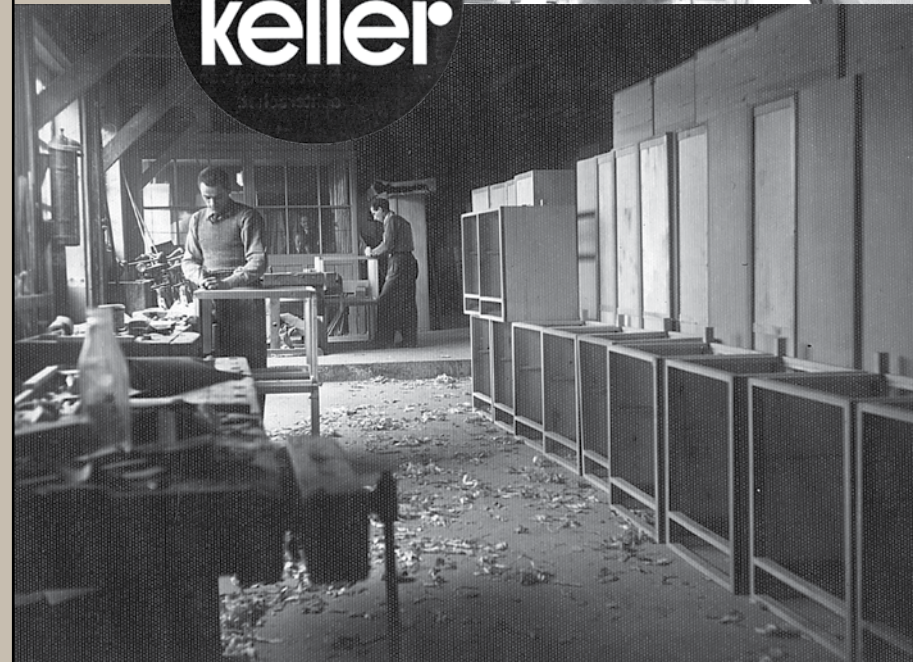

90 years of Dutch craftsmanship

HISTORY

In 1935, Gerard and Henk Keller, sons of a Rotterdam furniture maker, started a parquet flooring business. Forced by scarcity, they began making kitchens during the war. They managed to secure an order of 1000 kitchens for the construction company Bredero's in 1946.

They did so on the basis of craftsmanship, design, keen pricing and their personal way of doing business. This laid the foundations for our current way of operating and our standing at the top of the Dutch kitchen market.
